

FÁTIMA ADRIANA LUNA DELGADO

<https://fatimalunacv.vercel.app/>

ABOUT

I am a Computer Systems Engineering student at ITCJ. I'm very interested in front-end development and cybersecurity. I'm looking for work experience where I can apply and expand my knowledge.

CONTACT INFO

📍 Cd. Juárez, Chih

LANGUAGES

- **Spanish**
 - Native speaker
- **English**
 - TOEFL ITP C1 Level

APTITUDES

- Passion for computer science
- Creativity
- Attention to detail
- Eager to learn

EDUCATION

January 2022 - May 2026

Computer Systems Engineering

Instituto Tecnológico de Ciudad Juárez

9th semester, in progress

Relevant school projects

- **Tokyo High**
 - CRUD desktop application for school administration (C#, Visual Studio, MySQL).
- **Music store**
 - CRUD desktop application for a music store to keep records of inventory and sales (C#, Visual Studio, PostgreSQL).
- **UbicaTec**
 - Web page to explore a map of ITCJ Campus I, search departments and show their location and info. The Leaflet API was used to get the tiles and manipulate the map, and to add representations of the interiors of the buildings (HTML, CSS, JavaScript and php).

EXPERIENCE

May 2018 – October 2018

Course Instructor

Kapek Club de Robótica

I would teach beginner robotics to kids aged 6-12, using Lego Robotics sets. They would be presented with a problem, and I would orient them in building and programming a robot to resolve it.

July 2021 – February 2022

Bilingual Agent

Teleperformance

I was a customer service agent at a call center for an electricity company in the United States. The calls would be mostly in English, but also in Spanish. I would take payments, answer bill questions and complaints, handle payment plans, among other things.

SKILLS

- **Programming languages:** C#, Java, JavaScript
- **Front-end:** HTML, CSS, Bootstrap
- **Database Management:** MySQL, PostgreSQL
- **Tools:** VS Code, Visual Studio, NetBeans, XAMPP, pgAdmin, Leaflet, GitHub
